01 – WHO WE ARE

COMPANY PROFILE

RPM Contracting Pty Ltd is a Western Australian owned and operated business established in 2022, providing mechanical maintenance, field service, equipment hire and skilled labour solutions across WA.

RPM supports mining, civil and construction operations — from metropolitan projects through to remote mine sites.

The business is structured around practical site delivery: supplying the personnel, mobile maintenance capability and equipment required to keep plant operating and projects moving.

With a Pilbara presence in Newman and the capability to mobilise throughout WA, RPM can support both short-duration requirements and longer-term site operations.

AT A GLANCE

Established	2022
Ownership	WA owned & operated
Base	Perth, WA
Pilbara	Operating from Newman
Coverage	Statewide, incl. remote sites
ABN 27 659 213 117	

02 – CORE CAPABILITIES

MECHANICAL MAINTENANCE & FIELD SERVICE

RPM operates fully equipped field service vehicles capable of supporting urgent breakdown response, planned maintenance and component change-outs.

Longer-term maintenance packages can also incorporate servicing requirements, oils, spare parts and delivery to site — plus fire suppression system inspection and maintenance.

CAPABILITY AREAS

01 MOBILE PLANT MAINTENANCE

03 PREVENTATIVE & SCHEDULED MAINTENANCE

05 ON-SITE MECHANICAL SUPPORT

07 PARTS, OILS & CONSUMABLES

02 BREAKDOWN RESPONSE

04 COMPONENT CHANGE-OUTS

06 LONG-TERM MAINTENANCE PACKAGES

08 REMOTE-AREA MOBILISATION

FIRE SUPPRESSION SYSTEMS

Inspection, servicing and maintenance of fire suppression systems on mobile and fixed plant.

03 – FLEET CAPABILITY

EQUIPMENT & PLANT HIRE

A growing fleet of site-support equipment, available individually or as combined packages for mining, civil, construction and maintenance activities.

**WATER TRUCKS****TIPPERS****TELEHANDLERS****FITTER / SERVICE VEHICLES****SERVICE TRAILERS**

WET & DRY HIRE

Wet and dry hire options available where applicable. Assets can be supplied individually or packaged, with fleet scaled to meet project demand.

04 – LABOUR & WORKFORCE

WORKFORCE SOLUTIONS

Short and long-term labour hire throughout Western Australia — supplementing existing crews or establishing dedicated project teams.

**CREW SUPPLEMENT**

Individual trades to bolster existing site teams.

PROJECT TEAMS

Dedicated crews for defined scopes and durations.

05 – SECTORS

INDUSTRIES

MINING & RESOURCES

Mechanical maintenance, field service, skilled trades and site-support equipment for remote mining operations across Western Australia.

CIVIL CONSTRUCTION

Plant, operators, mechanical support and project personnel for civil, construction and infrastructure projects.

PROCESSING & FIXED PLANT

Fixed plant fitters, shutdown labour, fire suppression servicing and mechanical support for processing facilities and infrastructure.

REMOTE OPERATIONS

Personnel, service vehicles and equipment deployed throughout WA, including remote locations, with field service available statewide.

06 – THE RPM DIFFERENCE

WHY RPM

01	RESPONSIVE	Rapid access to mechanical personnel, field service capability and support equipment.
02	INTEGRATED	Mechanical services, labour and equipment supplied through one contractor.
03	SITE FOCUSED	An offering built around the practical requirements of mining, civil and construction operations.
04	FLEXIBLE	From an individual tradesperson or single piece of equipment through to longer-term maintenance and workforce packages.
05	WA CAPABILITY	Western Australian owned and operated, with a Perth base, Pilbara presence in Newman and statewide service capability.
